

# smart city

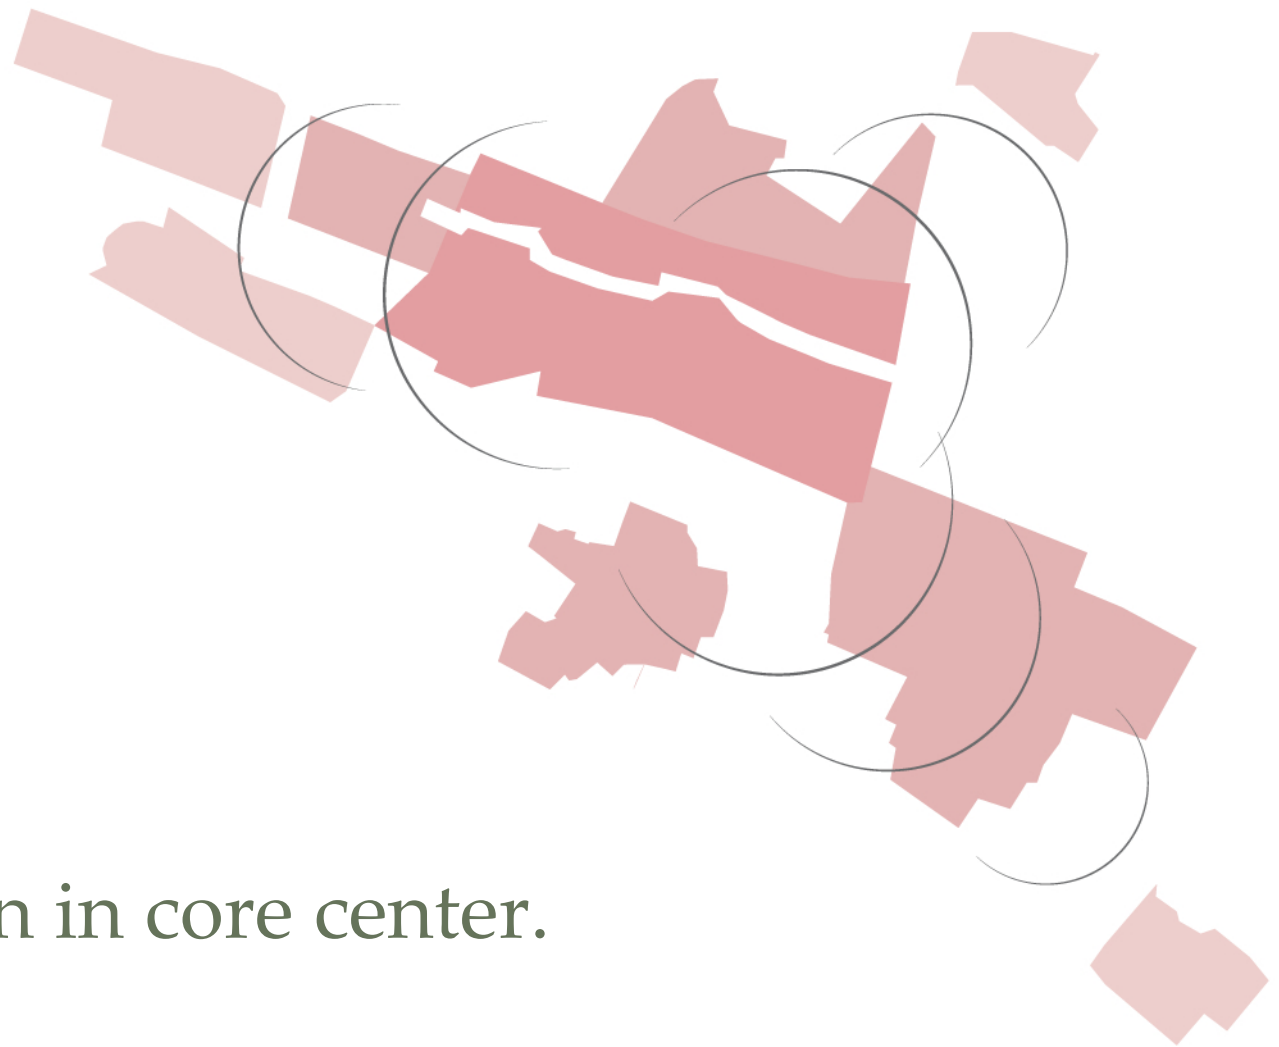

# Smart City

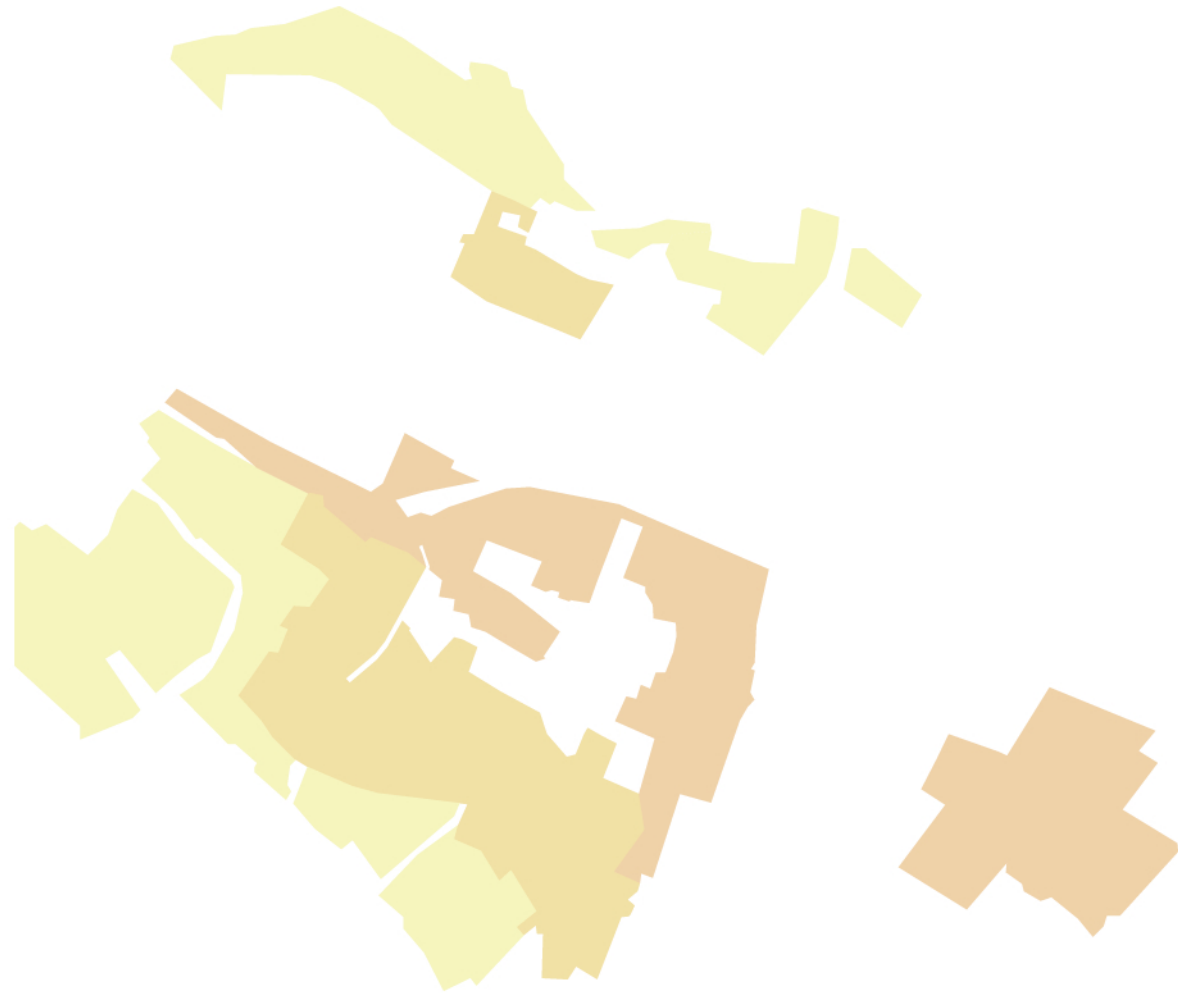

- **Struktur:**
  - RNP definiert Standorte von Cleantech Clustern
  - Stark erhöhte AZ in Zentrumszonen
  - Stark ausgebaute Verkehrsinfrastruktur (ÖV u. kombinierter Verkehr; Limmattalbahn)
- **Gestalt:**

*Cleantech Hub – Zukunftsweisendes Beispiel für Smart City*
- **Form:**
  - Experimentelle, neuartige Gebäude- und Freiraumtypen
  - Hochhausquartiere in einzelnen Gemeinden
  - Kein Neubau von Einfamilienhäusern

**zones**

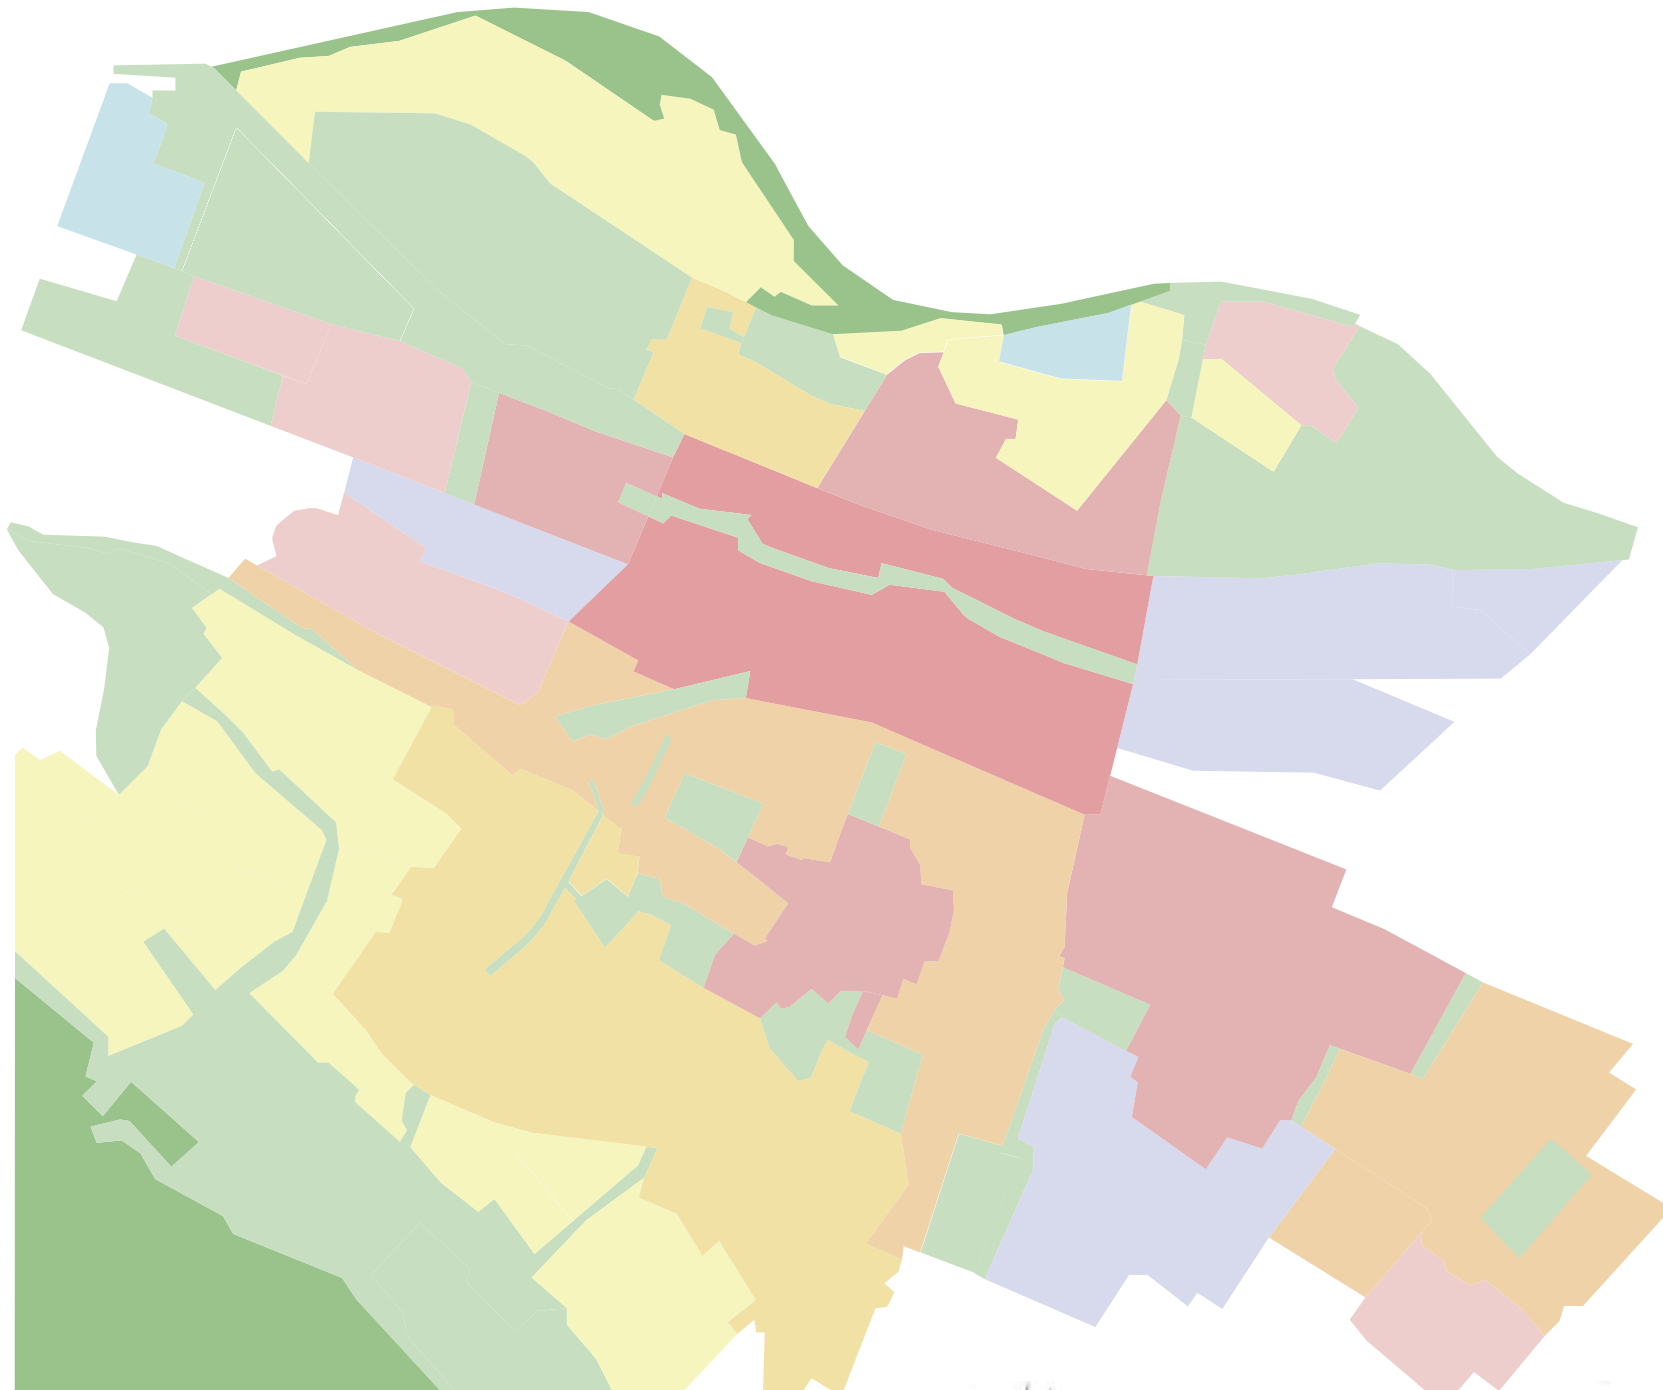

Strong densification in core center.  
Cleantech clusters.  
Business location.  
Attractive centers.

High-rise neighborhoods.  
Strong densification in core centers.  
Moderate densification in living areas.

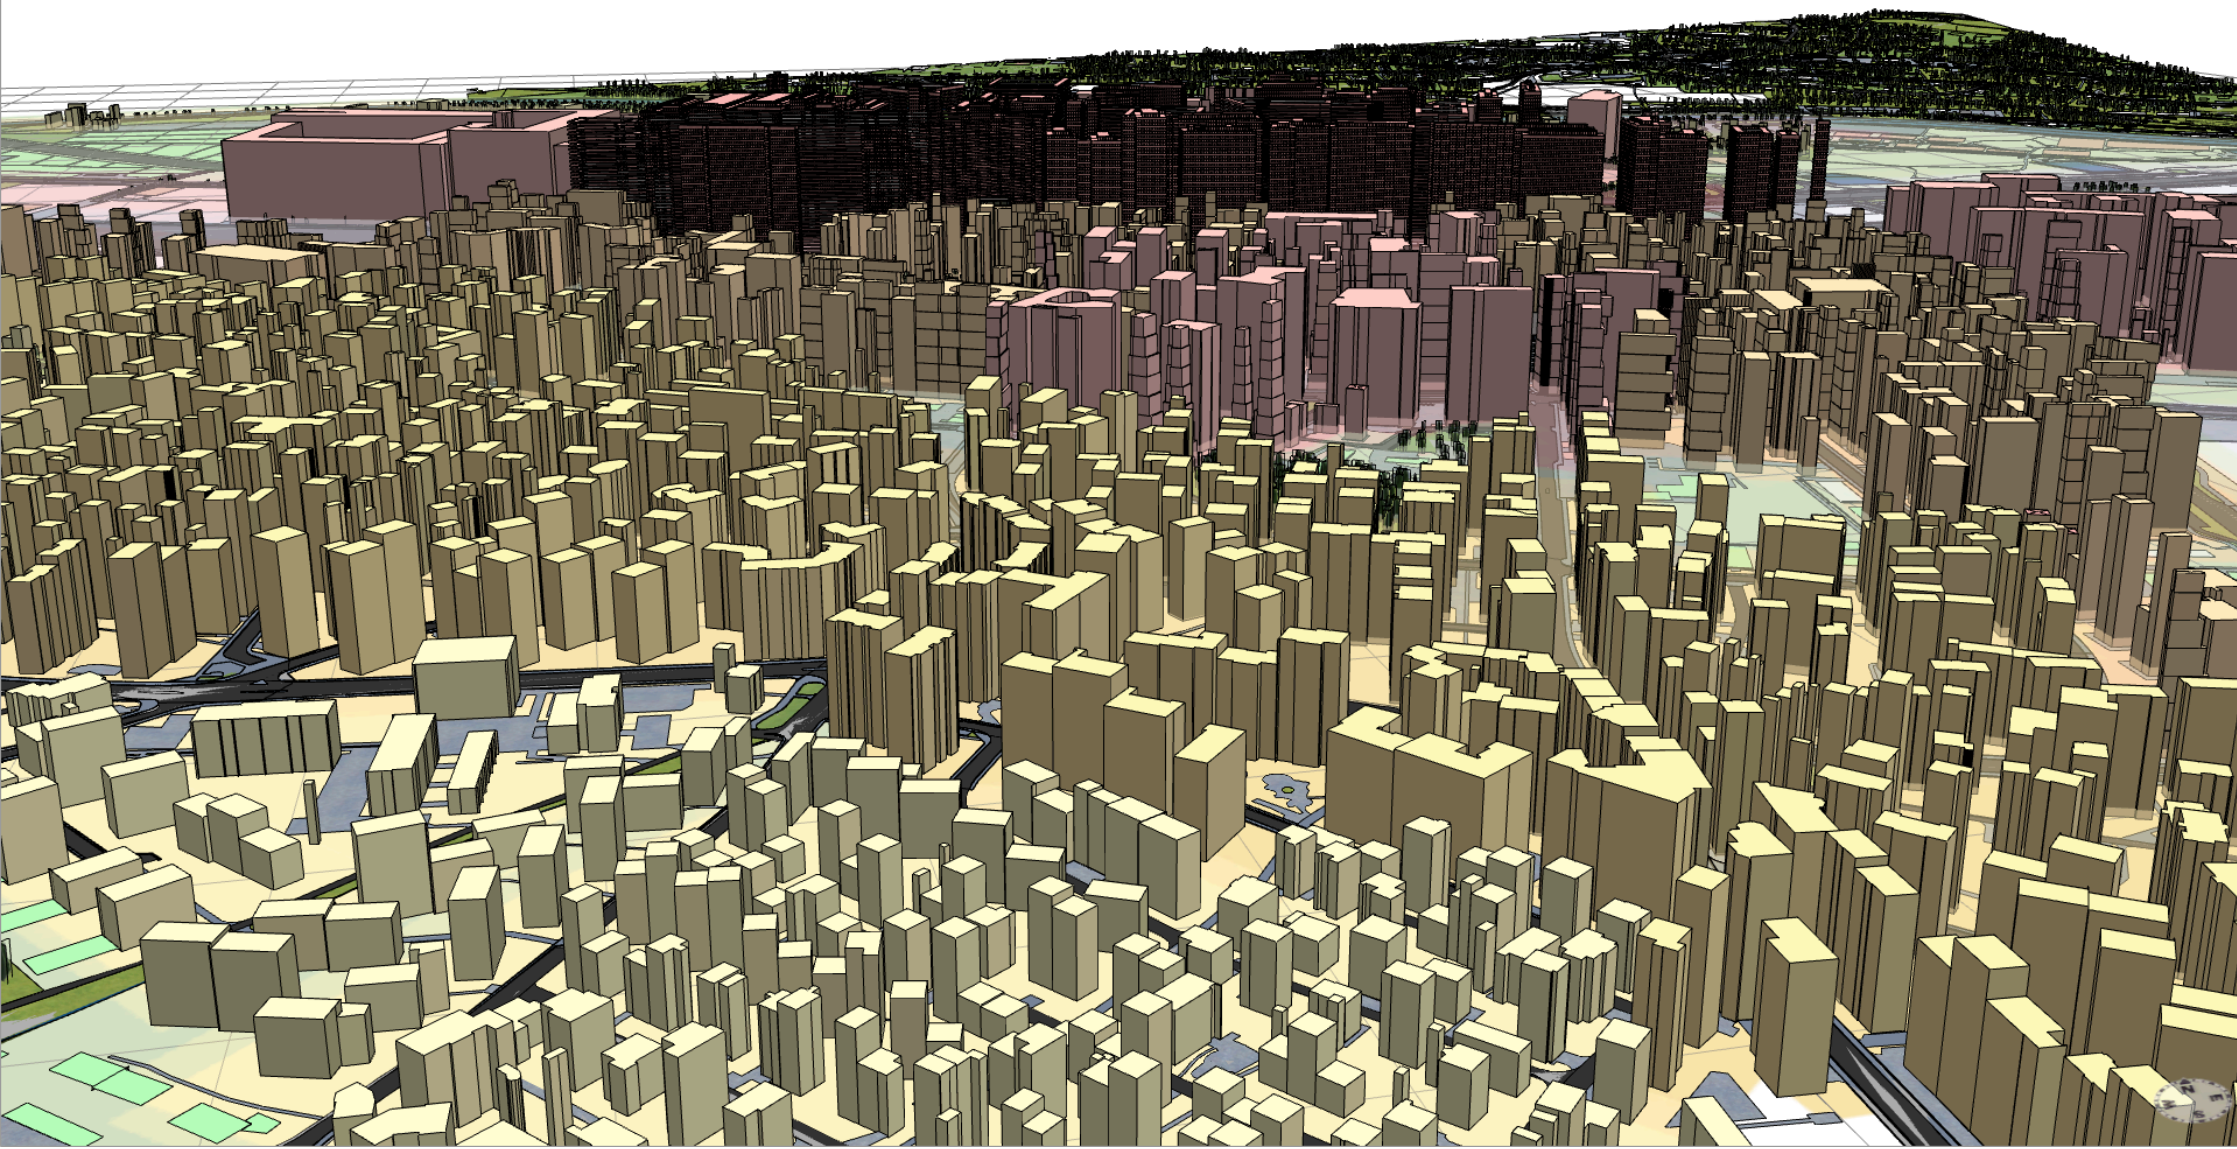

Ecological connectivity is enhanced  
but based on a regional level.
